STATOTHR

Dear Mr. Kopps:

Mr. Dulles has asked me to thank you for your letter of 23 June concerning your proposed series of articles on the insurance business as a source of enemy espionage data during both World Wars, based on your father's files.

A check of our records reveals that there is no available information which relates in any way to this subject. It is regretted that we are unable to assist you in this matter.

Sincerely,

SIGNED
